## Moles make a home

Touch the pink buttons and see what happens.

◀ ▶ Use the arrows to move backwards and forwards.

✕ Touch the cross to close a window.

# Moles make a home

Moles live hidden among the roots of a tree where they are protected from their enemies.

Molehills are not part of the nest. They are made by the earth which the moles throw out to make their tunnels.

Let's have a look inside the mole's home!

# Moles make a home

These hungry little creatures spend much time hunting underground for worms to eat.
